March 2019

## What's New?

Spring is the season for Kennel Cough and Canine Influenza. Kennel cough is similar to the common cold in humans and is easily treated. Canine Flu, however, is a bit more serious with symptoms of fever, lethargy, not eating or drinking and possible vomiting. We do take every precaution that we can here at a Mid-Day Play by sanitizing daily and requiring vaccinations.

However, dogs can transmit these illnesses before becoming symptomatic themselves.

That is the tricky part!

IF your dog is exhibiting any of the above symptoms please keep your dog home and contact Mid-Day Play and your vet immediately!

We also want to remind you that all Daycare dogs need to be updated with a Negative Fecal and Bordetella Vaccination **EVERY 6 MONTHS.**

Please turn in updated records, or upload records through your Client Portal, when necessary.

## Meet the Staff

Jenna has been with MDP since August 2018! She is invaluable to MDP because of her willingness to pick up extra pet sitting jobs, dog walking jobs and her ability to be flexible. She is dependable and loves what she does...and it shows! She has 2 dogs of her own Truman and Reagan, and she lives in Lake Holiday.

## Top Dog of the Month

### WILLY

Willy has been coming to Daycare for 3 years! He is an all-around Best Friend to many! He loves all his handlers and just loves all the activities we do here at MDP! He is Oakley's right-hand man...when Oakley begins Choir practice now & then! Way to Go Willy!! You are Top Dog 😊

## Fun Facts about St Patrick's Day!

The first St. Patrick's Day celebration in the United States was held in Boston in 1737!

Shamrocks are the national flower of Ireland!

The color of St. Patrick's Day was originally blue!

Legend says that each leaf of the clover has a meaning: Hope, Faith, Love and Luck. Your odds of finding a four-leaf clover are about 1 in 10,000!
